Deadly earthquake strikes in Ecuador

Damaged caused by the massive 7.8 magnitude earthquake in Ecuador (Wikimedia <http://ow.ly/4mOf7B>)

A ShelterBox response team is travelling to Ecuador to carry out assessments following a catastrophic 7.8 magnitude earthquake near the northern town of Muisne.

The devastation has been huge.

Streets have cracked and many buildings have collapsed, leaving people homeless and causing thousands of casualties.

The ShelterBox operations team has been monitoring the situation since the earthquake took place on Saturday night, which has so far triggered heavy landslides and more than 130 aftershocks.

Visiting Rotarians- Tessa Bell and Mark Bell

Guest- Youth exchange student Saeko Yobe, Outbound student Sam Muir, Rotaract Alicia Mark and a prospective member Sheridan White. Speaker of the day was Darlene Crane, principal of Brechin elementary school.

Ken Hammer introduced the guest speaker Darlene and said that he is involved in a project between Brechin School and a school in Ghana.

Darlene mentioned that she took over the school as a principal at a time when the school had a poor reputation in the community. She took it as a challenge and since then school has built a positive reputation. This school is designated as a "focused school" based on its special needs requirements. She has introduced a motto "we are Team Brechin". Every Monday 200 students and all staffs gather for an assembly. They have a unique way of greeting called "bulldog" high five. The school has food program and even sends out boxes of fruits to needy families.
