Denise Davidson

Weekly Wake-up

Upcoming Programs

March 14th - The Farm at Cedar Woods - Dolores Gottenburg

March 21st - Club Assembly

March 28th - Luisa Athayde, Exchange Student

NOTICES & NEWS

NOTICE OF MOTION...

Please be informed that at the March 7th meeting the following Motion was proposed by Chris Everett and seconded by Ron Blank

"That the Daybreak Rotary Club donate \$1000 to Shelter box Canada. Funds to be taken from the previously allocated budget item"

An opportunity to discuss this motion prior to a vote will be available at the upcoming March 14th meeting.

Fellowship Curling Evening, Wed., March 21 at 6-8:30 pm...

We will meet at the Curling Club (106 Wall St.) at approximately 5:45 pm, get our shoes and grippers ready and go out on the ice for some instructions and lessons. After your introduction to curling, we will break out into teams and play a few ends. We can do some skill shots like draw to the button or through the port. When all are finished we can retire to the lounge for some refreshments and hand out the prizes. Costs will depend on the numbers signed up but will be less than \$15.00 per person. Rotarians, family and friend are all welcome. Spots are limited so please let me know as soon as possible. - Michael Leduc

Meeting Notes - March 7th

notes by Ron Blank, meeting photo Don Bonner

Greeters Bob Wall's sonorous voice and Sher Holubowich's sunny countenance are sure to improve the start of any Rotary Day. President Bill Brendon started our meeting, with Rod Mont accompanying. Nathan Thornton gave our invocation.

Guest this morning, San Mahara presented Nanaimo North's President Craig Clarke.

Sergeant-at-Arms Don Bonner was in fine fettle. The "Boys" and Ev went first, and the rest easily understood the directions to our morning repast.

After brekkie, Bill sought a volunteer to attend the Child Development Centre's Speech Therapy Luncheon. Got one.

Bill then presented a cheque to Craig towards the purchase of a vehicle for the Etta Project in Bolivia <http://ettaprojects.org/> (Named after Etta Turner, on International Exchange in Bolivia, when a tour bus driver fell asleep at the wheel. They and six Bolivian Students were killed in 2002) Kitsap North Rotary Club is coordinating this Rotary Matching Grant and the five Mid-Island Clubs are also participating.

Shelter Box Canada was presented by Bill and Chris Everett updated us on their recent deployments, as well as Shelter Box methodology. Our \$1,000 donation publicize the donator and follow the deployment of that Shelter Box. Costs include having set-up teams go with the Boxes in location. Though the Shelter Boxes are designed to provide basic implements, bedding, water storage and tenting for six months, many units are still in use after two years. Quality stuff indeed!

A Notice of Motion was made by Chris to purchase a Shelter Box, within our budget allocated funds, and have it deployed in our Club's name. Seconded, Ron. Vote will be held on 14 March Meeting.

Randall Taylor promoted our Swing into Spring 2012, The good people at Harbourview Volkswagen have become our TITLE SPONSORS. <http://www.harbourviewvw.com/> Why not contact them and say thanks! Patrick Maguire is still looking for silent auction items. Rather than tap donations from ourselves, see if you can solicit some from your business acquaintances?

Lets see, for those not helping Nanaimo North with their Bar-Putt, and any new executive, past executive, or future executive members of our Club, why not slide down to Victoria for the March 31 April 1, DLTA, District Leadership Training Assembly. Check out our Events Calendar for details. http://www.daybreakrotary.ca/index.php?p=1_30 WHOA! Our Club will pay the Registration Fees.

Fun Curling details for Wednesday March 21st were fleshed out by Michael Leduc, with suggestions to get there by 545- 6:00 PM to get dressed and kitted, then on the ice by 6:30. Cost Less than \$15, includes sliders, brooms, instruction and fun.

What happened next? You won't believe this! The time has come! Daryl Knievel gave his Classification Talk! (The amazing thing was, how-come we had half of our normal attendees at our meeting? Did Daryl pay off a few?) OK, back on topic. Daryl said he was born the second of four children in Calgary. His family later moved to Edmonton, and he graduated from St Jo's. He acquired his gliders pilot license, but realized that different qualifications would lead to better money.

First, two years at Northern Alberta Institute of Technology. (NAIT) in Forestry Technology. He then realized the shocking realities of forestry in Alberta and started electrical apprenticeship. Daryl's new career then took him back to Calgary, working with PCL Tower Cranes. Daryl got used to climbing 200 foot towers in the wind, in Alberta temperatures, with a wrench tied to his wrist, and reaching as far as he could to tighten a bolt. He "wasn't afraid of heights, but cherished the thought of growing old." So, he tried selling cars, then life insurance, for a while.

By the age of 25, Daryl said, "Yes, he's related to Evil, though this guy is *not a likable person*",

~~~~~ Make-ups

To ensure that your make-up information is properly recorded, send any info on extra meetings attended, extra committee work, service projects, online work, etc. to Membership Chair, Rod Mont at mont@islandlaw.ca.

~~~~~ Four Way Test

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

managed to accumulate 27 vehicles, with most of them running, including an Olds Toronado, and raced dirt bikes in motor-cross. "Never got better than 1/2 the field, as these guys **are crazy!**" He also managed to accumulate speeding tickets.

Then came Amanda. She emigrated to Canada, with her family, to St Alberts in 1974. They were married in 1987. "Life changed, for the good!" One good thing about Amanda was realized in Traffic Court in 1989. Daryl was before three judges, who were reviewing his "rap sheet" of traffic violations, "which came in pages." One judge asked, "What happened in 1987?" Daryl said "I got married." The judge closed his docket and said " You are obviously in better hands than we can provide. Case dismissed!"

Daryl's electrical career included technical networking of communication systems, cement plants, & heavy industrial wiring. Wiring of houses is the easy, but necessary stuff for business. With Amanda's parents living in Nanoose, they finally moved, with two kids in tow, in 1995, to BC.

After working with several different Nanaimo companies, Daryl started his own business in 2002. He named his company after his favourite type of electrical work, "Structured Cable Systems, "which is the type of wiring that interconnects all voice, data, video and audio systems within a facility. Daryl likes to keep his company small, he works with two others, which allows him the latitude to schedule his work around his family.

Both of their daughters are into sports. "Kids really change your life." Over the years, it has been many teams, from T-Ball to Basketball and "it has been totally awesome!" Their eldest, Brittany just graduated from VIU, and was a star basketball player with the Mariners. Brittany was remorseful about leaving that environment, but Daryl wisely said "It's all good. At least you still have your knees and your teeth." Brittany has entered 1st year at UBC and is an up-and-coming star with the Thunderbirds Basketball Team. "You know," Daryl said, "You live and breath your kids!" Amanda has been the dedicated team manager for many of their sports.

Well, said Daryl! You've answered a lot about yourself, and what makes you tick. Thanks for being in Rotary.

Randall Taylor says he has the money. How much? \$379 for our 50/50. Chris Everett got the "NOT" and with typical Rotary "Fair to all concerned" Bill got to cut against Randall and WON! the tea.

Happy Bucks were solicited: Great presentation Daryl, and so many of you missed a good thing; Francine, who woulda guessed, paid for leaving early, and likely continues her 100 hour weeks; Happy Ev Mudryk, (How can this be? She looks so young.) is the newest proudest Great-grand mother!

Closing with the Four Way, one of us shuffled off to golf!
